I'm a highly skilled and creative web designer and developer with 4 years of experience looking for a challenging position in a dynamic and innovative company where I can use my skills to create visually stunning and functional websites.

WORK EXPERIENCES

Web Developer

I have gained extensive experience working as a web developer across various online marketplaces as well as in local markets. I am passionate about my work and eager to contribute my skills to your team. Given the opportunity, I am committed to delivering my best and making a positive impact.

- Utilized PHP for server-side scripting, database management, and backend development
- Applied Object-Oriented Programming (OOP) concepts to architect scalable and maintainable codebases.
- Advanced skills in PHP programming and Laravel framework.

Web Designer

Design Tech Solutions | 2021 - 2022

I had the pleasure of working as a web designer at Design Tech Solutions, where I collaborated on various projects. My experience with the company was exceptionally positive and overwhelming.

- Collaborated with cross-functional teams (designers, marketers, etc.) to deliver high-quality web solutions.
- Utilized Bootstrap and Sass to streamline front-end development and ensure consistency across projects.
- Implemented responsive design techniques resulting in increased mobile traffic and engagement.
